

The impact of homelessness on the individual

1. List all the factors / events you can think of which could lead to someone becoming homeless.

2. How many of the causes you listed above could also be effects of homelessness?

3. Imagine you suddenly had to leave your home. Where do you think you would be able to stay? List all the places you can think of. How long could you expect to stay there?

4. If you had left home, you would soon need some money to survive. Where would you be able to get this from? List the legal ways... and think about ways of getting money illegally. Then think of the dangers you would face from these.

Legal ways	Illegal ways	Dangers of illegal activities

5. If you were homeless, what barriers might there be to earning money in legal ways?

6. If you had left home would money solve all your problems?
