

Winter Night Shelter 2023

Summary

This year's shelter was a huge success with only some minor issues, which were to be expected, such as some guests not getting along with each other, guests turning up late etc, but also a lot of positive outcomes in that a good number of guests found accommodation due to the amazing work of the staff of St Mungo's and Crisis.

Statistics

In total, we had 16 guests referred to us by Crisis and 8 from St Mungo's.

The age range varied from 25 years of age to 71 from all different backgrounds, such as British, Polish, Sudanese, Norwegian, Syrian, Indian, Eritrean, Somali, Algerian, Sri Lankan, Scottish and Hungarian.
