

What we do

Together
we will end
homelessness

What we do

All of us need a decent home – to be healthy and to thrive.

Currently though, this basic human need isn't being met for so many people across the UK.

This is unacceptable.

At Crisis we work side by side with thousands of people each year as they find ways out of homelessness. We provide practical support to help people access employment opportunities, healthcare services, benefits, and more. Our main aim is to relieve the huge pressure of homelessness, by helping people find safe and

affordable homes as quickly as possible. We prioritise supporting people who are facing the most complex barriers to ending their homelessness and often have nowhere else to turn.

As well as helping to end homelessness for individuals, we work to address the root causes that push people into homelessness in the first place. We campaign on the political changes needed to end homelessness for good and conduct research to understand and highlight the scale, causes and consequences of homelessness.
